

INTERNATIONAL SUMMER SCHOOL

## **NANOSCIENCE MEETS METROLOGY**

**Synthesis, Characterization, Testing and Applications of  
Validated Nanoparticles**

**September 4<sup>th</sup> - 9<sup>th</sup>, 2016 - Torino, Italy  
Chemistry Department of the University of Torino**

## **Accommodation**

For participants and accompanying persons booking before **August 6<sup>th</sup>** accommodation will be available at very special rates at the University Halls of Residence (UHR); accommodation at the UHR is not guaranteed after that data.

Booking of the UHR rooms is directly operated by a dedicated office (Edisu Piemonte) of the Torino University, not by the Organizing Committee of the Summer School.

Reservation is only possible by the online procedure described in detail at the following link, where information about the UHR services and rates are also available:
